

**Emad Omeish**  
**ITS-ADG, National Academy of Science, Engineering and Medicine**  
**NAUG Board – President Elect**

Emad is a full-time IT project manager with the National Academy of Science, Engineering and Medicine. He has helped the Academy transition from A+ to Q 3.1 and then into their current GoMembers 4.7 software. He has worked in the information technology and project management field for more than 20 years.

Prior to joining the Academy, Emad worked with MCI WorldCom and helped HRIS in their consolidation of software platforms during and after Verizon's acquisition of WorldCom. Emad continued with Verizon Business until he joined the National Academy in 2007.
