

Jeanne Gilpin
Registrar, New England Water Works Association
NAUG Board of Directors - Treasurer

New England Water Works Association is a not for profit membership association dedicated to promoting public health, safety, quality of life, and environmental stewardship through education/training, advocacy, and outreach relating to safe drinking water.

Jeanne began working at NEWWA in 2004 as the accounting clerk. She then moved into the registrar's position eighteen months later when that position became vacant. Jeanne has a BS in biology from Boston College and an MBA from Bentley University.
